gamakulo@gmail.com · [linkedin.com/in/gamachukulo](https://www.linkedin.com/in/gamachukulo)

Analytical, organized, and detail-oriented medical trainee with a strong foundation in clinical care and emerging expertise in software development. Collaborative team player with a growth mindset and a passion for leveraging technology to solve real-world healthcare challenges and enhance patient outcomes

EXPERIENCE

JULY – AUG 2022

**DEPUTY PRESIDING OFFICER,
INDEPENDENT ELECTORAL AND BOUNDARIES COMMISSION (IEBC)**

Served at a national polling station during Kenya's general election period, ensuring the orderly conduct of voting and the maintenance of ballot secrecy. Took charge of the polling process and supervised poll clerks while upholding professionalism, impartiality, and strict adherence to electoral procedures at all times. Delivered clear communication and ensured voters were treated with respect and fairness throughout the process.

JUNE – SEPTEMBER 2019

**FIELD OFFICER
NATIONAL DROUGHT MANAGEMENT AUTHORITY (NDMA) – HUNGER SAFETY
NET PROGRAMME**

Participated in the implementation of the Hunger Safety Net Programme (HSNP), focusing on identifying and registering eligible beneficiaries in drought-prone areas. Conducted structured household surveys to collect demographic and socioeconomic data essential for targeting. Utilized **ODK (Open Data Kit)** software for mobile-based data collection, enabling real-time entry, validation, and secure transmission of field data. Assessed registration sites for logistical and operational suitability, and engaged directly with community members and local stakeholders to ensure transparent and inclusive enrollment. Analyzed collected data to generate actionable reports supporting program planning and execution.

JUNE – AUGUST 2015

**ATTACHÉ
DIRECTORATE OF CRIMINAL INVESTIGATION (DCI)**

Provided support in forensic operations as part of the investigative team at the Directorate of Criminal Investigation. Assisted in evidence handling, documentation, and preliminary forensic analysis to support criminal investigations. Participated in data collection, report preparation, and case file organization under the supervision of forensic officers. Gained foundational exposure to forensic protocols, chain-of-custody procedures, and multidisciplinary investigative workflows.

EDUCATION

COHORT: JULY 2025 - ONGOING

SOFTWARE DEVELOPMENT PROGRAM,
PLP AFRICA

FINAL YEAR - ONGOING

BACHELOR OF MEDICINE AND BACHELOR OF SURGERY (MBCHB),
THE UNIVERSITY OF NAIROBI

DEC 2016
